

Cecil's

Now Robert and Hester Newnham as I have now proved had three sons of their marriage in 1788(30 Oct.)
Robert born Ryde 1790.
Barnabas born Rydel 1793.
John born Nov.25.1796 at Ryde. THIS John was our forbear.

Robert Newnham resided 20 Diamond St S'sea his early years I believe were at Wootton or Whippingham, anyway in the year 1841 at 20 Diamond St. there were;-

NEWNHAM	Robert	age 50	approx)	Mariner	born Ryde
	Johanne	" 40	") his wife.	NOT born in Hamps.
	George	" 17		son	Born Hants Whippingham.
	(This led served on Victory & Venerable, see my records.)				
	Martha	age 13		daughter	Born Hamps
	Robert	" 11		son	" "
	Charles	" 5		son	" "

This Robert and his family seem to have left Portsmouth because he is not mentioned in the 1851 census, viz 10 years later.

NEWNHAM Barnabas, born Ryde 1793, married 1817 at Whippingham and had their first six children born there, the next seven making 13 in all were born apparently at 20 Little S'sea St. Upon retiring he went to 8 Park Lane (Now Castle Rd, No 30) He was at 20 Little S'sea St as early as 1837, and in 1855 we see by the directory that he was then at 8 Park Lane. His wife Harriett died Oct.26.1871 aged 78(77), and he followed very quickly less than a month after-Nov.20th.1871 having pined for his wife. His elder sons' demise too just previous to both made the thing a whole calamity.

His eldest daughter Caroline married one Bond of the Dolphin Hotel in High St. Portsm, and thro' him my grand-dad obtained furtherance in advancement with his job in the Dockyard. Barnabas was a Service Revenue Cutter and in the sixties was a Custom House pensioner

In 1841 his family at 20 Little S'sea Street was thus;-

NEWNHAM	Barnabas	age 48	Mariner	born Ryde 1793
	Harriett	" 47	Wife	" Binstead 1795.D 1871
	Harriett	" 18	Dau'	" Wootton 1823
	Eliza	" 10	"	" Portsm. 1830
	John	" 8	Son	" " 1833.D 1879
	Joseph	" 6	"	" " 1835.D.1857
	Robert	" 3	"	" " 1837.D.1903.
	James	" 6 mo.	"	" " 1840.D.1899

These are from Census of 1841. The others were not living at home.

NEWNHAM JOHN (our forbear DIED in 1833, so no note made either Census obviously, since he died long before 1841)

These ~~three~~ ^{two} Newnhams are the only ones mentioned who are actually of our ilk, in the 1841 Census.

~~And~~ Others however seem to be closely connected and I give these as follow.
